Introducing Standard Size Shaker Cabinets with Full Overlay Doors

- A full overlay is a cabinet door that covers the cabinet's entire face frame. This ensures that the reveals are minimal and least amount of cabinet frame is visible
- Reveal is the part of the cabinet frame that can be seen after the door is attached
- Our reveals are 1/8 inch as seen in the picture below
- Bottom of the cabinets have no reveal

All our cabinets have plastic legs with adjustable leg levelers. With standard leveler height of 4 $\frac{1}{2}$ inches.
